

REMARKS

Claims 1 and 17-59 are currently allowed in the present application. Applicants have added new Claims 60-161. Claim 43 was amended to provide proper antecedent basis for the “full-surround data.” Claim 50 is amended to correct a misplaced examiner’s amendment which left the claim confusing. The new independent Claims 60, 66, 72, and 81 do not introduce new matter, and Claims 60, 66, 72, and 81 are derived from allowed claims to further clarify searched claim elements. It is not believed that a new search will be required.

Exhibit 1 is a chart explaining the revised claims as embodied by Claims 60, 66, and 72.

Conclusion

Thus, all grounds of rejection and/or objection are traversed or accommodated, and favorable reconsideration and allowance are respectfully requested. The Examiner is requested to telephone the undersigned attorney or Robert Groover for an interview to resolve any remaining issues.
